

THE ART OF
ILLUMINATION

Limited Warranty

This Limited Warranty applies to all Omnilight, Inc. products sold through approved distribution channels. Omnilight warrants all of their products to be free from defects in material and workmanship for the period of 5 years.

If a product is defective, all efforts will be made to correct the problem in the field. If the problem cannot be resolved, an RMA will be issued. RMAs can only be issued by an authorized Omnilight employee. Omnilight's obligation is expressly limited to repair or replacement of product without charge. This warranty shall not extend beyond original purchase price and applies only to the product in question.

Warranty is valid only if products are properly used for their intended purpose and are properly installed in accordance with Omnilight installation instructions and in compliance with UL/ETL and NEC codes.

Omnilight reserves the right to send an employee or company representative to inspect the installation to verify failure is due to defects in the product and not due to improper installation or from product being misused or mishandled. Omnilight may require that the defective product be returned. This is to determine cause of failure and to help improve products.

Omnilight makes no other warranties other than warranty stated above. For more information regarding warranty or to make a claim contact Omnilight at (773) 696-1602.
